with Keith Ross•To support the non-violence guidelines of the blockade by developing a better understanding of non -violence in principle and practice• To explore and develop effective blockading techniques• To increase awareness of affinity group organising, including possible formation of affinity groups• To build confidence

Consensus decision making training

Introduction to the attitudes and values of consensus• Learn techniques including the use of spokes' councils and quick consensus for affinity groups• How to take part in effective decision making on the day.

Saturday 4th February

Room 8: Legal Support Training with Ippy and Sian•All good actions need good legal support. This training aims to provide you with the basic skills to participate in a legal support team for the next action at Hinkley.

It will give you an introduction to different support roles, including legal observers and post-arrest supporters, and equip you with practical skills to run a legal support team. No legal knowledge is necessary, but there will be plenty of opportunity for questions.
